M'KINLEY AND CUBA.

The President Has Decided Upon His Policy.

WAR MUST BE STOPPED AT ONCE.

Time to Interfere on the Grounds of Humanity—The Queen of Spain Decides to Keep the Present Cabinet in Power. General Weyler May Be Recalled From Cuba—Other Cuban News.

NEW YORK, June 7.—The Journal prints the following dispatch from Washington:

President McKinley's Cuban policy is today concrete and fixed. Already the first note to Spain is blocked out and merely awaits the arrival and report of Special Commissioner Calhoun to give it its final impulse. President McKinley has himself outlined the main features of his policy to confidential friends and advisers during the present week. To one of these he said:

"Unless Mr. Calhoun's reports differ very materially from the overwhelming facts already in my possession I can have but one policy in the matter. This bloody war must stop as well in the interests of humanity, as on account of the lives and property of Americans, which have been, and are being, needlessly sacrificed.

"I have every confidence in Consul General Lee, his integrity and his painstaking accuracy in reporting the situation, but I felt that the American people would be better satisfied were my action based upon reports obtained by the confidential agents and advisers of my own administration, and for that reason I concluded to send, in the first place, Judge Day, and, later, Mr. Calhoun, to make the investigation. The situation does not admit of delay."

President McKinley's note to Spain will recite the condition of affairs in Cuba, as verified by the consular reports and by Mr. Calhoun. He will then declare that the time to interfere on the grounds of humanity and interest has come. The friendly mediation of the United States will then be offered to settle the difficulty in the island on the basis of its independence, and the payment of an indemnity by the new government of Cuba.

Spain will be given 90 days to reply to this note. Should her reply be an acceptance of the offer, an armistice will be immediately established. Should it be declined, and the administration fears this alternative, the president will at once send a message to congress which he has already blocked out, and will advise congress to take such action as it deems proper from evidence to be submitted.

CANOVAS CABINET CONFIRMED.

MADRID, June 7.—The queen regent has confirmed Senor Canovas, the premier, in his ministerial powers, and the cabinet, which sent in their resignation last week, will remain in office with personnel and policy unchanged. The queen reached her decision after consulting with the former premier and the marshals. Included in the former were Senor Sagasia, the present leader of the Liberal party, and Martinez Campos, the captain general of Cuba, who gave way to General Weyler.

Campos himself advised the queen not to form an intermediate cabinet, but to trust the government to the party which offers the best and most definite solution for Cuba, and one which is most calculated to insure good relations with the United States, while being consistent with national dignity.

In addition, according to the Correspondencia de Espana, he advised the queen to recall Weyler.

All the leading members of the senate and of the chamber of deputies who were consulted by her majesty, as well as three marshals, have advised the recall of Captain General Weyler from Cuba.

Havana Dispatches.

HAVANA, June 7.—In political circles and among the Spanish general public, where a feeling of acute anxiety had existed as to the outcome of the cabinet crisis in Madrid, keen satisfaction is expressed at the news that Senor Canovas has received fresh proof of confidence from the crown.

La Gaceta (the official gazette) publishes the text of the reforms recently promulgated by the queen regent in council.

Senor Jose Congoito, the Spanish representative on the Ruiz investigating commission, sailed Saturday for New York.

SCHEMING SULTAN.

He Is Leaving the Peace Negotiations Wholly in the Hands of His Ministers.

CONSTANTINOPLE, June 7.—Acting upon the advice of Izzet Bey, the sultan is leaving the peace negotiations wholly in the hands of his ministers, thus evading personal responsibility and placing himself in a position to sacrifice them to popular indignation if necessary.

It is reported that the palace party has entered into extensive stock exchange operations, on the theory that the market will show a rise as the prospects of peace increase.

The Ottoman ambassador at St. Petersburg has informed the porte that Count Muravioff, the Russian foreign minister, told him he personally objected to Russian intervention on behalf of Greece, and had counteracted the feminine intrigues started with that object, but the holy synod induced the czar to intervene.

FIRE IN SAN FRANCISCO.

Three Lives Lost and \$100,000 Worth of Property Destroyed.

SAN FRANCISCO, June 7.—A fire in the southeastern part of the city at noon yesterday cost three firemen their lives and entailed a property loss of \$100,000. The killed are: John Mahoney of chemical engine No. 6.

Frank Keller, steward of hose cart No. 2.

James Hallinan, driver of truck No. 1. The fire started mysteriously in the 1-story brick building owned by Schroth & Westerfield, and leased to the Standard Biscuit company. Work in the factory ceased for the week at 5:30 Saturday afternoon, and so far as known, the only occupants of the building Sunday morning were John Erwin, the kookkeeper, and W. Cook, the cashier, who were at work in the office. Cook departed at 11, and Erwin was still occupied with his books at noon when a fireman rushed in conveying the information that the building was ablaze in the upper stories. Erwin had been unconscious of the fire which had been observed but a few minutes earlier by several passers-by, who were startled by a sudden burst of flames in the fourth story.

After the first alarm the fire chief turned in a second and general alarm. A stiff breeze fanned the fire within the brick walls, caused it to spread with extraordinary rapidity, and it was soon apparent that the interior of the structure would be entirely destroyed.

Adjacent to the brick factory was a row of old wooden buildings, including a branch of the Salvation barracks and the Southern police station. These seemed doomed. Fortunately the police station contained only three prisoners, but the terrified yells and appeals of the trio to be liberated caused intense excitement among the gathering crowds. They were transferred as quickly as possible to the Central station.

Meanwhile floor after floor of the cracker factory fell in rendering the walls unsafe. Then the east wall of the factory toppled over and then a waving sheet of flames spread over the area adjoining. With the crash of the east wall occurred the tragedy of the conflagration. A score of firemen were in an adjoining paint shop endeavoring from that spot to check the spread of the flames. A falling timber struck Fireman Mahoney on the leg, breaking it. He refused to allow his comrades to carry him away in their arms, insisting that he must be borne off on a shutter. All but two of the band of firemen ran to procure a shutter, and just as they left their injured comrade, the wall fell, burying beneath a mass of brick and mortar Mahoney and his faithful friends. By dint of much dangerous labor the three bodies were soon recovered.

The loss to the brick building is estimated at \$40,000, with \$80,000 loss on the contents, consisting of machinery and stock. The damage to the Salvation Army barracks was \$1,000, and to the police station the damage was nominally. The biscuit factory was operated by a corporation, organized a year ago, and reputedly transacting a large and prosperous business. The cause of the fire is as yet unknown.

BURGLAR JIM ANDERSON.

He Will Soon Begin Another Term in the Ohio Penitentiary.

COLUMBUS, O., June 7.—Burglar Jim Anderson was found guilty in the criminal court here Saturday of the charge of grand larceny, and within a week he will be again wearing the prison garb, as it is not believed he can secure a new trial.

He is charged with the theft of \$400 of diamonds, the property of Mrs. Ollie Gump, and found in Anderson's possession. The evidence not only established his guilt of the crime charged against him, but it also showed that he was a member of the St. Morris gang of thieves, the leader of which was last week sentenced to the penitentiary for nine years by Judge Pugh.

Anderson was under indictment as a habitual criminal, but he escaped sentence under this act on the ground that he had been pardoned by Governor Bishop while serving one of the previous sentences. The highest penalty for the crime of which Anderson stands convicted is seven years.

SLAVERY FOR SIX MONTHS.

A White Man to Be Sold For That Length of Time in St. Louis.

ST. LOUIS, June 7.—On Thursday next at the east front door of the city courthouse Hubert Kauling, until recently a resident at 5316 Pattison avenue, will probably be sold to the highest bidder for a term of six months. There is but one way to escape this fate, and that is to put up enough cash to support his family for that period. Kauling says this is impossible.

In her petition Mrs. Kauling alleges that her husband deserted her and her family in 1890, and refused to contribute to her support. She prays the court that he now be declared a vagrant under the provisions of Chapter 169, Section 8850, of the revised statutes of Missouri of 1892, and that under Section 3549 of the same chapter, his time be sold, and that she be given relief after the charges and costs of the suit have been paid.

Collision of Ocean Steamers.

LONDON, June 7.—The steamers Bittern and Ystrom, both bound for Amsterdam, collided in the Thames early yesterday morning. The Ystrom foundered, two of her passengers being drowned. The remainder of her passengers and her crew were taken on board the Bittern, which was damaged. The Bittern's second officer and carpenter were drowned.

WILL TALK ON TARIFF

Senate Will Devote the Week to the Dingley Bill.

THE SUGAR SCHEDULE REACHED.

No Telling at Present How Long It Will Be Debated—The Hawaiian Treaty Will Be Protected—Tobacco Men Will Be Given a Hearing—Probable Program of the Senate and House.

WASHINGTON, June 7.—While tariff will continue the general topic of discussion in the senate during the present week, there is no certainty as to what portion of it will receive special attention. This uncertainty is due largely to the difficulty of determining when the sugar schedule will be taken up. It is so generally understood that this schedule will consume considerable time that there is no effort to outline beyond it the course of proceeding. The wood schedule will afford a brief respite before reaching the sugar question, as that subject was left undisturbed when the senate adjourned on Saturday. Senator Allen probably will enter a motion to strike out the entire paragraph relating to sawed lumber, and the motion may lead to other speeches than his own.

Whether the sugar schedule will be taken up in order is still undetermined. There are many differences of opinion on the subject, but the prevailing desire is to get the schedule out of the way as soon as possible. This is the case on both sides of the chamber, but it is especially true of the Republicans, as the responsibility for action rests there. Still there is a desire among Republican senators that there should be absolute agreement among themselves on the rates of this schedule before entering upon its discussion in the senate, and it is realized that this may be difficult of attainment without a further exchange of opinions than has yet been permitted. There is no doubt in any event of a postponement until Senator Aldrich's return to the senate. He is still confined to his room, but is expected to be out early in the week.

That the Hawaiian treaty will be protected by the finance committee is considered settled, but a caucus may be necessary to determine whether other changes should be made. Senator Pettigrew has decided definitely to offer his anti-trust amendment in connection with this schedule, but beyond the fact that it will lead to a number of speeches there is no certainty as to its course or its fate.

The tobacco schedule immediately follows the sugar schedule; but if it should be reached early in the week it would be necessary also temporarily to pass it over, as the committee has promised the tobacco men a hearing. They will ask for \$2 on wrapper and 35 cents on filler tobacco. There is also an inclination to return to the language of the Wilson law on this subject. This is understood to be the wish of both the importers and the tobacco growers.

There are many sharp contests ahead on the paragraphs of the agricultural schedule, which is next after tobacco, including those on rice, on which there will be an effort to secure a return to the house rates on cattle, on which it will be claimed there should be an ad valorem, rather than a specific duty, and on fish, fruits, chicory and salt.

The innovation of a duty on tea is also proposed on this schedule, but it is practically certain that this provision will be withdrawn by the committee. Thus, what would have been one of the severest contests over the bill, will be avoided.

The cotton and spirit schedules, will, it is now thought, excite comparatively little debate.

The house has no work ahead of it this week and it is the intention of the majority leaders to adjourn until Thursday, and from Thursday until Monday. Mr. Simpson and other members of the minority doubtless will essay the usual maneuvers with the purpose of embarrassing the Republicans, but in the present condition of the house their latitude is narrow and they easily can be overborne by their adversaries.

HAD 175 DRESSES.

Death of Mrs. Howard, Aged 75, Who Had a Hobby For Clothes.

JEFFERSONVILLE, Ind., June 7.—The report of the administrator of the estate of Mrs. Dorothy Howard, aged 75 years, who recently died, one of the most eccentric women in the state, has been filed in court and is a remarkable document. In spite of her extreme age the old lady dressed as gaudily as a girl of 15. At her death she had 175 dresses, most of them of the finest quality, innumerable skirts, waists and other wearing apparel.

The auction of her effects drew a large and curious crowd, and the bidding to secure her handsome silk dresses, dozens of which had never been worn, was lively. Her hobby was to spend her entire income for gaudy and costly wearing apparel.

DENVER, June 7.—A special to The News from El Paso, Tex., says that Francis Schlatter, who claimed to perform miraculous cures by divine power was recently found dead in the foothills of Sierra Madre, 35 miles southeast of Casa Grande, in the state of Chihuahua, Mex. He had been fasting and apparently starved to death. While in Denver, from Aug. 22 to Nov. 18, 1895, about 200,000 people visited Schlatter to receive treatment.

HAVANA, June 7.—Heavy rains have fallen in the provinces of Santiago de Cuba and Pinar del Rio, and many of the rivers have overflowed their banks.

BADGER PLACED IN JAIL.

The Indian Murderer of Shepherdar Hoover Arrives at Miles City, Mon.

MILES CITY, Mon., June 7.—Stock Inspector Smith, having in charge Badger, the Indian who killed Shepherdar Hoover, arrived here Saturday afternoon. When the train arrived the depot platform was crowded. Special police and deputy sheriffs were on hand to protect the prisoner in case the citizens resorted to violence. Badger exhibited no sign of nervousness. His face was streaked with red paint and his blanket was drawn tightly over his shoulders. Badger was escorted to the railroad by a company of cavalry.

County Attorney Porter learned that 10 Indians are implicated in the murder of Hoover. The names of six are known to the officers. Warrants will be placed in the sheriff's hands, and all who interfere with the officers in the discharge of their duty will be arrested as long as the sheriff and posse are able to do it.

Agent Stouch will not allow sheriffs on the reservation, as a letter dated June 3, to W. D. Smith, deputy sheriff of Custer county, shows.

The rumor sent abroad that settlers were returning with their families to their homes is not true. About 50 families, refugees from Indians, are still in this city and others are coming in daily. As many as seven and eight families are huddled together in one cottage with no thought of returning to their homes while the Indians are off the reservation. A schoolteacher, who had been teaching on Otter creek near the reservation, and about 60 miles from here, arrived last evening, having ridden the entire distance on a bicycle in one day. She reports seeing several small bands of Indians prowling around the hills on foot.

Over 500 Indians are off the reservation, scattered in small bands, roaming the country and committing depredations and devouring everything in their line of march. There are said to be 1,300 Indians on the reservation. The dance houses, donated the Indians some time ago by Captain Stouch and others, will be torn down and the large drum taken away from them, and all "bad medicine" made hereafter will have to be made in open air.

CLOAKMAKERS ORGANIZING.

Twelve Thousand Preparing to Strike in New York City.

NEW YORK, June 7.—The United Brotherhood of Cloakmakers had a busy day yesterday. Secret meetings were held in assembly rooms, scattered throughout the east side, to organize the 12,000 cloakmakers in New York and vicinity preliminary to a strike. Secretary Draff, of the organization, says that there are now 6,000 enrolled members in the union, and that in less than a week he expects all will have joined. There are about 4,000 organized women who will be affected if the strike goes into effect on schedule time.

"A few weeks ago," said Mr. Draff, "there were only 800 cloakmakers organized. Now there are 6,000. After the great lockout of 1893 the trade was organized in a week or two and the cloakmakers were able to command better conditions. They began to earn \$18 a week, but prosperity made them careless and they were drifting back."

The crisis of the strike of the Brotherhood of Tailors will be reached tomorrow when the Hebrew holidays, which began Saturday, will be over.

PRESIDENTIAL NOMINATIONS.

Missouri to Be Consul General at the City of Mexico.

WASHINGTON, June 7.—The president has sent the following nominations to the senate:

Andrew D. Barlow of Missouri to be consul general at the City of Mexico, Mexico.

Harold S. Van Buren of New Jersey to be consul at Nice, France.

Carl Bail - Hurst of the District of Columbia (now consul at Prague), to be consul general at Vienna, Austria.

Henry H. Morgan of Louisiana to be consul at Horgen, Switzerland.

William W. Canada of Indiana to be consul at Vera Cruz, Mex.

Louis A. Pratt of Wisconsin to be assistant attorney general.

FATE OF THREE MEN.

Dashed From a Glacier Five Hundred Feet to the Beach Below.

SEATTLE, Wash., June 7.—The fate of the three men, Botcher, Blackstone and Molingue, lost while crossing the Portage from Sunrise City, Cook inlet to Prince William sound, has just been learned.

The men left Sunrise in March, accompanied by two guides. When the huge, great area, which must be crossed to arrive at the sound, was reached, the men hurried ahead of their guides. They were last seen taking the left fork of the glacier instead of the right.

A subsequent search showed that they had reached the edge of the floor of ice and pausing on unsafe ground, the ice had broken, dashing them 500 feet to the beach below.

Found Dead in a Bathtub.

ST. LOUIS, June 7.—Thomas W. Booth, ex-president of the Merchants' Exchange, president of the J. W. Booth Commission company and one of the best known men of St. Louis was found dead in the bathtub at his residence by his wife yesterday. He had been suffering from a complication of diseases.

Lived 105 Years.

BOSTON, June 7.—Mrs. Charity Green, 105 years of age, an inmate of the home for aged colored women, died yesterday. Mrs. Green was born a slave at Portsmouth, Va. She came to Boston in 1854 and became a free woman.

HAWAII AND JAPAN.

Difference Between the Two Countries Growing.

THREATS DIPLOMATIC RELATIONS.

One Japanese War Vessel Already at Honolulu, a Second Is Now En Route There and a Third Is About to Depart From Yokohama For the Island—The Crisis Approaching.

SAN FRANCISCO, June 7.—The steamer Coptic arrived yesterday evening from Honolulu, bringing advices up to May 31. According to the latest information procurable, the difficulty between Japan and Hawaii, growing out of the immigration question, has been increased rather than diminished by the diplomatic proceedings. Officers on board of the Japanese cruiser Naniwai, now at Honolulu, states that a second Japanese man-of-war is now en route to Honolulu, and that a third vessel is about to depart from Yokohama for the islands.

Mrs. Shinamura, wife of the Japanese minister here, has arranged to leave for Japan on June 5. The intended departure caused a rumor in Honolulu to the effect that the minister would soon follow her. He admitted that he was not satisfied with the answer of the Hawaiian government in regard to the immigrant controversy, and he gave close friends to understand that unless a reply satisfactory to him were made, he would depart for Tokio, thereby severing diplomatic relations between Japan and Hawaii.

MAY FIND A PREHISTORIC RACE.

An Effort Being Made to Reach an Unexplored Table Land.

BAYONNE, N. J., June 7.—Professor William Libby, Jr., of Princeton university, will leave for Albuquerque, N. M., early in July with a party of six explorers. Their plan is to attempt to scale relatively a rectangular tableland, shaped like a figure eight, with perpendicular sides 700 feet high. The outcroppings of red sandstone project from the face of the walls, making it almost inaccessible.

There are indications of occupancy by a prehistoric race in the fragments of pottery at the base of the formation. Professor Libby has arranged to throw a line over this tableland which is several acres in extent on top, by means of the tandem kites with which experiments were conducted here last week by William A. Eddy who sent up three large kites which were maintained some time in the air, although the wind was too light for a satisfactory experiment.

Professor Libby has a mortar and life line packed ready for shipment, with which an attempt will be made to fire a line over the tableland, in case the wind is too light for the kites. Larger lines will be dragged over and the ascent made in a bentswain's chair. The tableland can be approached on all sides, and is surrounded by a plain, but so far as known it has never been scaled. Some cliff dwellings have been seen along its edges aloft.

Mr. Eddy says that the top of the tableland can be photographed by means of his midair kite camera.

WINDOWGLASS WORKERS' TROUBLES.

Men Employed in the Cutting and Finishing Have a Grievance.

MUNCIE, Ind., June 7.—Three hundred men, employed in the cutting and flattening departments of the 50 windowglass factories in Indiana, met here yesterday, and by an unanimous vote, decided to amalgamate the two trades as against the blowers and gatherers of the same trade.

They claim that President Burns of the Windowglass Workers' Association of North America is working for the interest of the blowers and gatherers to their detriment. The men declared that if the blowers refused to recognize them they would bounce Burns and take charge of the association, treasury and all.

DOUBLE TRAGEDY AT CAIRO, ILLS.

A Girl Shot and Killed, and Her Slayer Killed by an Officer.

CAIRO, Ills., June 7.—Richard Caldwell of Memphis shot and killed Mary Jenkins yesterday afternoon because he was jealous of the favors she had bestowed on others. Immediately after the shooting he fled to a lumber yard back of town, where he was found two hours later by the officers.

He was ordered out with some difficulty, when he opened fire on the officers. His first shot passed through the wrist of Deputy Sheriff George W. Moore, who returned the fire, killing Caldwell instantly. Moore was acquitted of all blame by a coroner's jury yesterday evening.

Cloudburst in Southeastern France.

PARIS, June 7.—A cloudburst in the hill country of the province of Isere, in southeastern France, has caused the overflow of the River Morge and the destruction of a number of paper mills and silk factories, as well as houses along the banks. At the towns of Voiron and Moirans, the river rose suddenly 20 feet. One person was drowned, and the loss to property is estimated at 10,000,000 francs. Four thousand factory operatives are thrown out of employment.

The Lake Is Still Full.

PEMBROKE, Va., June 7.—The report that Mountain lake was snuk by the earthquake is erroneous. The lake was never fuller and the people scarcely felt the shock.

THEY WHEEL.

Senators Who Discuss Affairs of State as They Pedal Along.

[Washington Cor. St. Louis Republic.]

Every afternoon a trio of Senators leave the Capitol together on their wheels. There is Chandler, partisan Republican, sarcastic, peppery, always running a prod into the sound Democrat in the matter of sound elections. Then there is Bacon, of Georgia, tall, dignified, careful as to dress and speech and ready to do or die for the cause of free silver. In last comes Tillman, wearing farmer clothes, a broad-brimmed hat, rough and ready in all his words and actions.

Off the three go together. Chandler pedals with nervous energy, adjusting his eyeglasses as he goes along; Bacon working with grave deliberation, and Tillman running his wheel in total disregard of all established rules, and even falling off occasionally when he guides his machine into the rut of the car tracks. Great debates these three Senators have as they glide along. There is more differential between them than there is in the duty between raw and refined sugar in the Senate tariff bill, and that is saying a great deal. Sometimes sarcastic Chandler gets too spicy and the outspoken Tillman gets too obstreperous. Then the peace-looking Bacon silently steers his wheel between his two colleagues, and upon his broad shoulders the over-sharp comments — fall.

HARRIS' NICKEL PLATE SHOWS.

They Will Give Two Performances Here Next Thursday.

W. H. Harris is among the successful circus managers of America. He was for many years engaged in mercantile business in Chicago, which is still his home. In 1883 he organized the Nickel Plate Shows, a trade-mark well and favorably known from ocean to ocean, and no show has ever received such unstinted praise. During last season 258 consecutive performances were given in Chicago, some weeks the attendance being nearly 40,000 persons. The show is organized on strictly upright, business principles and has proved a great artistic and financial success. It is on the popular price order with enormous seating capacity to accommodate all who come. It is absolutely the sole survivor of all similar enterprises. Commenced twelve years ago.

The show is advertised to exhibit in this place on Thursday, June 10, as will be seen by advertisement in another column. The tents will be pitched on the base ball park, easily reached by the electric cars.

COST OF TURNPIKE RAIDS.

A Timely Article on the Subject—How Property Holders Suffer From Such Lawlessness.

[Courier-Journal June 5.]

Another instance is noted in this city showing the immense damage to credit that has been done to the counties in which the turnpike kuklux have been operating. One day this week a farmer from a section in which the raiders made their start applied to a Main street financial broker for a loan of \$14,000. He has an excellent and well-managed farm, which is assessed at \$30,000. Ordinarily a mortgage on such a farm would constitute the very best sort of collateral on which to negotiate a loan. In this case the broker could not supply the money though he has wealthy clients who have been putting out a great deal of money on real estate. He went to one of these for whom he had made such loans to the amount of \$50,000, but the capitalist would not hear of this. He said that he would not put out a dollar on farming lands in the Blue Grass; that he would rather buy 3 per cent. bonds than trust the possible foreclosure of a mortgage to courts and juries which had refused to bring the toll-gate raiders to justice, as he was satisfied that a money lender would be regarded in the same light as a holder of turnpike shares.

The broker had to go back to the intending borrower with the story that Louisville and Eastern capital was unavailable for farm mortgages in the finest pastoral region in the world. The man was much astonished that a little thing like the destruction of a few toll-gates should make money so timid. He said to the best of his knowledge the work was done by a few irresponsible boys, anyhow, and that the community should not be blamed for their action. He was reminded that the community had done nothing to bring the boys to justice and that anarchistic ideas had been allowed to spread unrebutted. Nothing could be done for him, and he had to seek his money elsewhere with probably as little success.

Of course the kuklux, the silverites and time-serving politicians will denounce the hard-fisted money lenders for such action, but this will not help it. The capitalist will not intrust money even on good security in habitually lawless communities except at exorbitant rates. The mere inability of their citizens to borrow funds will be the least harm the turnpike counties will sustain because of the raids. Invested money will be withdrawn; new investments will not be made, and real estate will be depreciated. Men will not move into counties where the spirit of the bully and desperado is abroad, and where they must expect to go armed and fight or swallow insults, and law-abiding, order-loving citizens will move to other States where life and property are better respected.

The best thing the turnpike counties can do is to hunt out the outlaws and treat them as they have been done in Bath. To apologize for the raids and belittle the perpetrators means heavy loss of property as well as of good name.

The Courier-Journal couldn't refrain from slandering the silverites. What have they got to do with such lawlessness any more than Republicans and the gold-ites?

Chamberlain's Administrator vs. Chamberlain.

In reversing the decision of the Mason Circuit Court in the above case, the Court of Appeals says:

1. When the Court of Appeals has reversed a case outlining the proceedings to be had upon return to the Circuit Court, directing that the action be referred to the Master to ascertain the true status of accounts between the parties, it is error for the lower court to disregard the findings of the Master where the proof tends strongly to support his report and the opinion of the Court of Appeals upon the former appeal.

LAST week Moses Kahn purchased from Bourbon, Clark and Fayette parties over 1,000 cattle to be exported to London in June and July. Of the lot he bought 300 from C. Alexander, 250 from J. E. Clay and 50 from F. P. Clay. The price paid was \$4.50 per cwt.

At the recent session of the C. W. B. M. at Vanceburg, Miss Mary P. Chambers, of Washington, was made District Manager, with Mrs. Bettie Tucker Assistant, and Mrs. Hugh Warder was elected Manager for Mason County. Washington was chosen as the place for holding the next convention.

J. MALSBERY, an aged man from Riverdale, Cal., came to Vanceburg last week on business. He had just arrived and was walking from the hotel to the court house when he met and recognized Richard Malsberry, one of Vanceburg's respected citizens, as a brother whom he had not seen for 45 years.

THOMPSON TARR, of Paris, a son of Wm. Tarr who assigned last week, made an assignment Friday afternoon to Attorney T. E. Ashbrook. Mr. Tarr is a member of the firm of the Wm. Tarr Company, distillers, of Lexington, and the firm of Tarr & Templin, lumber dealers, and in conjunction with E. F. Simms, owns the race horse F F V, which won second money in the Latonia Derby.

FIVE Bishops of the Episcopal Church, Dudley, of Kentucky, Worthington, of Nebraska, Leonard, of Ohio, Perry, of Iowa, and Vincent, of Southern Ohio, all accompanied by their wives and some by families, sailed on the Lucania Saturday for London to take part in the Queen's jubilee and attend the Lambeth Congress. Bishop Dudley will preach at Ely and Canterbury Cathedral and before the Society for the Propagation of the Gospel in London, and on July 4 will speak to Americans in St. James.

THE Paris Kentuckian says: "Bourbon's tobacco crop will be about half as large this year as last, providing there is a good season. A great deal of the crop will be raised on new ground, the farmers being determined to try to raise the best quality and make some money. If the price on this year's crop is not better than for the past few years a number of the farmers will quit entirely. The only large crop to be raised in Bourbon that we have heard of is being put in by Edwin G. Bedford. He will put in sixty-five acres."

AMONG those winning honors at the commencement of Science Hill College, Shelbyville, appears the name of Miss Florence Wadsworth, who having completed the course of instrumental music, received a certificate. The Shelby Sentinel pays her the following deserved compliment: "Miss Wadsworth, who holds the certificate in music this year, fairly covered herself with glory by her brilliant rendition of Beethoven's Sonata op. 14 No. 2. The exercises were opened with prayer by Rev. Dr. Moore, of the Fourth avenue Methodist Church in Louisville, followed by a nocturne and waltz by Miss Wadsworth, who repeated her triumph of the evening before, and made good her title to the honor conferred upon her."

Your Boy Won't Live a Month.

So Mr. Gilman Brown, of 34 Mill street, South Gardiner, Mass., was told by the doctors. His son had lung trouble, following typhoid malaria, and he spent \$375 with doctors, who finally gave him up, saying: "Your boy won't live a month." He tried Dr. King's New Discovery and a few bottles restored him to health and enabled him to go to work a perfectly well man. He says he owes his present good health to the use of Dr. King's New Discovery, and knows it to be the best in the world for lung trouble. Trial bottles free at J. James Wood's drug store.

Tempting Bits

At the black goods counter. We haven't offered such a rich bargain in Dress Goods for many a day. Eight of every dozen women who come for black goods choose Crepon or Etamine weave. And think of buying almost two yards for the worth of one. Rich and elegant Etamines; Crepons with much openness of mesh, \$1.25 grade at 89c. a yard, \$1.00 grade at 69c. a yard. These goods are for now and the weeks ahead.

CHARMING COTTONS.

American cotton stuffs were never so tempting. Lappets, Lawns, lace effects and Etamine weaves predominate, with plenty of plain color lawns to line the open-mesh stuffs. At 10c. a yard, Jaconet Duchesse, Printed Organdie, Larissa Leno, Tamis Cloth, Madras Jaconas at 12½c. a yard. Guipure Lattice, Cordele Marquise, Mimosa Dimity, Printed Jaconet, Lappet Mulls at 14c. a yard. Gaze Cordonnnet, Point d'Alencon, Tissue Faconne, Tambour Fantasie, Silk Striped Etamines, 29c.

HANDKERCHIEFS.

An importer takes a big loss on some Hemstitched Handkerchiefs for women. One dozen styles. All are hemstitched, all have prettily embroidered corners. Pure linen, 15c. each. Other interesting lots 25c. each. Scalloped and beautifully embroidered Handkerchiefs in a number of styles. Usual 35c. value, 19c. each. Some dainty styles in pure linen, hand-embroidered Handkerchiefs in delicate colors. A regular 50c. value.

Annual Membership Meeting To-night at 7:30 O'clock—New Directors To Be Chosen—Other Matters.

Remember the annual meeting of the Young Men's Christian Association this evening at 7:30 o'clock. Instrumental music by Miss Lida Berry, a recitation by Miss Suzanne Hall, brief accounts of the first year's work, and the election of Directors will make up an interesting program. Every member should plan to be in attendance.

A party of Juniors went out into the woods Saturday afternoon for a good time. Base ball and basket ball were enjoyed.

A boating trip will be taken later in the month.

Mr. Garrett Thompson gave a helpful talk at the men's rally yesterday afternoon. His theme was "Earnestness," as being necessary to a successful life. A pleasing piano solo was rendered by Miss Suzanne Hall, who also played the hymn accompaniments. After the meeting a pleasant social time was spent and refreshing lemonade was served.

The Membership Committee will please meet to-night at 7:15 sharp to act on some membership applications, previous to the annual meeting.

CHILDREN'S DAY.

The Services at the Christian Church and M. E. Church, South. Attract Large Audiences.

Yesterday was Children's Day at the Christian Church, and the happy-hearted girls and boys of the Sunday school figured prominently in the services of the day.

At the evening service the main room and gallery were not large enough to accommodate the crowd that assembled, and many were turned away.

Rarely has the church ever been more beautifully decorated. There were cut flowers, potted plants and festoonings of evergreens and flowers, all artistically arranged by the young ladies, and presenting a most attractive picture.

A missionary concert was given entitled "The Conquering Cross." The program consisted of music and recitations rendered by the little ones and some of the older ones, assisted by the choir. The exercises proved most enjoyable and instructive.

The collections of the day for foreign missions amounted to \$85, the largest ever contributed by the school. The banner class was Miss Sallie Wood's, the amount given by them being \$11.

Children's Day services were also held at the M. E. Church, South, last evening, and a large crowd was in attendance. Here also lovely flowers had been prettily arranged, lending their fragrance and beauty to the attractive scene. An interesting program, consisting of music, recitations and two or three short addresses, was rendered, and a collection was taken for the poor Sunday schools of the State. The services were instructive and enjoyable.

Mrs. Belle Wells has sold her crop of tobacco at 7 cents all around to Mr. Buckley, of Murphysville.

The Turnpike Commissioners will sell the three toll houses on the Lewis and Mason pike next Saturday at public auction. See advertisement elsewhere.

Rev. Ben Cox, of Middletown, Jefferson County, spent Sunday at Orangeburg, where he was formerly pastor of the Christian Church. He is a guest of Mr. R. A. Toup to-day.

LONDON, June 7.—The British tank steamer Aral, from New York for Dover for orders, collided with and sank the schooner Pearl, bound from London for Port Talbot, off Wolf Rock, last night. The captain's wife and two or three of the crew of the Pearl were drowned. The captain and two members of the crew have been landed at Salcombe.

BUZZARD'S BAY, Mass., June 7.—The steam yacht Oneida, with ex-President Cleveland on board, the guest of E. O. Benedict, left the harbor yesterday afternoon, its destination being Greenwich, Conn., and New York. The intentions of those on board are for a fishing trip along the Long Island shore. Mr. Cleveland spent a few hours at Gray Gables and devoted his time to looking over the house and grounds.

GAINES RICE shot three times at Arthur Hicks and John Ryan Sunday about noon on the C. and O. east of the fair grounds. Nobody hurt, but Ryan had a narrow escape as one bullet cut a hole in his shirt. The shooting was the result of an old grudge. Hicks and Ryan afterwards got a shotgun and chased Rice to Springdale where he crossed the river and escaped. Ryan keeps a small store near the coal docks.

Free Pills.

Send your addresses to H. E. Bucklen & Co., Chicago, and get a free sample box of Dr. King's New Life Pills. A trial will convince you of their merits. These pills are easy in action and are particularly effective in the cure of Constipation and Sick Headache. For Malaria and Liver troubles they have been proved invaluable. They are guaranteed to be perfectly free from every deleterious substance and to be purely vegetable. They do not weaken by their action, but by giving tone to stomach and bowels greatly invigorate the system. Regular size 25c. per box. Sold by J. J. Wood, druggist.

River News.
Nesbit for Pomeroy to-night and Sherry down.

The White Collar Line sent the Courier through to Buena Vista last night to keep the new independent packet, Will J. Cummings company, down to day. They are due here a little before noon.

The U. S. Snagboat E. A. Woodruff arrived Saturday from above, and spent Sunday here, resuming her trip this morning. This boat always lays up on Sunday. Captain Jones, her purser, reports the river cleaner now than for years of snags and other obstructions.

The magnificent new Queen City was launched at Cincinnati Saturday. She was almost entirely completed, with machinery in position, &c., before she was let into the river. If there is sufficient water, she will leave Cincinnati next Saturday evening on her initial trip in the Pittsburg trade.

AN ORDINANCE

Fixing the Number of Councilmen of the City of Maysville, the Pay of Same and the Time and Place of Holding the Sessions of the Board of Council.

Sec. 1. Be it Ordained by the Board of Council of the City of Maysville, That the Board of Council of the City of Maysville shall be composed of twelve Councilmen, two from each of the six wards of said city as they are now or may hereafter be constituted.

Sec. 2. That said Councilmen shall be elected at the time and for the terms prescribed by the Constitution, and shall receive \$2 each for every session of the Board of Council attended, payable quarterly.

Sec. 3. That the Board of Council shall meet in regular session on the first Monday evening of each month. Adjourned sessions may be held at any time as fixed in the order of adjournment. Special sessions may be called as provided by law, but at such special sessions no business shall be considered except that stated in the order calling same.

Sec. 4. That the hours for meeting shall be 7 p. m. during the months of January, February, March, October, November and December, and 7:30 p. m. during the months of April, May, June, July, August and September.

Sec. 5. That all sessions of the Board of Council shall be held in the room in the court house building known as the Council Chamber, provided that should it become impossible or imprudent to hold the sessions of said Board at said place they may be held at any suitable place in said city as may be designated by said Board or by the Mayor in the interim of the sessions of said Board, but notice of such change shall be published in one or more newspapers in said City of Maysville, and when ordered by the Mayor shall be served upon all Councilmen, the Clerk of the Council and the City Attorney.

Sec. 6. That this ordinance shall take effect and be in force on and after July 1, 1897, and the regular session in July of said year shall be held on the first Monday evening of said month. Adopted in Council June 4, 1897.

THIRD RAIL SYSTEM.

Interesting Features of the Experiment at Hartford—What It May Lead To.

A radical innovation which has attracted widespread interest has been made by the New York, New Haven and Hartford railroad, which is now running regular local trains by the third rail electric system between Hartford and New Britain, Conn.

There are two sections on the third railroad, the first from Berlin to New Britain, 3½ miles, and the second from New Britain to Hartford, 9½ miles. The rails are 93½ pounds to the yard, specially rolled in the form of a flattened A. They are laid in blocks of wood resting in the ties, not fastened, but holding by their own weight. Each rail is bonded to the next to make a continuous circuit by two copper bands 12 inches long and 4 inches wide, bolted to the rail by eight bolts and nuts. The return of the current to the power house is by a heavy copper band under the third rail. At all crossings and switches approach blocks are placed which the shoe mounts before it strikes the rail. The sections are made "alive" or "dead" from the switch tower, the operator cutting them in as the train starts out when the train stops. The rails at any station are "dead" from the time the train comes in until it goes out again.

Instead of an overhead trolley the electric current passes to the propelling machinery of the car by two shoes 33 feet apart, which are in contact with the third rail. Each car is equipped with two 125 horsepower motors. A controller is on each platform, and on one platform is an electrical air pump for the electric brakes and whistle. This pump is stopped and started by an ingenious automatic arrangement which comes into play as the pressure in the tanks rise above or falls below 90 pounds. The current is produced at the dynamo at a pressure of 650 volts, and six incandescent lamps fed in series at an average of 110 volts burn brightly at the farther end of the line, 1½ miles from the power house.

The boilers at the power station are in two batteries of five each. The engine is a Greene-Corliss of 1,200 horse-power, a cross compound condensing engine. There is room on the station for two more, and when it is enlarged, there will be room for three others, giving an aggregate of 10,000 horse-power. The dynamo is directly connected to the engine and is of ten poles, 850 K. W. of 630 volts without a load, and 650 when loaded.

At Hartford and Berlin the tracks are fenced in. The only way to get into danger is to climb the fence or crawl under the car. The danger is in putting one foot on the third rail and the other on the ordinary rail on the ground, but the latter is not specially dangerous unless the ground is quite wet. At crossings there is no danger whatever, as the third rail is disconnected and the electric current passes beneath each crossing by a cable which is insulated in wooden boxes.

Great things are expected of the third rail system. President Clark of the New York, New Haven and Hartford road suggested that locomotives might eventually be discarded, just as the old stage-coaches were.

The jury in the case of Virgil Staley, in Wayne county, W. Va., charged with the murder of his brother-in-law, Lufe Adkins, failed to agree. Six were for conviction and six for acquittal. Staley is very wealthy.

While plowing near Cherry Camp, W. Va., Richard Haney was blown down a steep embankment and badly injured by the bursting of a natural gas pipe. The gas ignited from a brush heap and the horses were burned.

Peter Pluckerman, a well-to-do farmer residing near Manitowish, Wis., shot and killed his wife while she was at work in the kitchen, and then killed himself. A family dispute as to property is said to have been the cause.

The domestic unhappiness in the royal house of Russia is confirmed by recent dispatches. The czar is said to have tired of the czarina, and his affections are now bestowed upon an opera singer of fame and large proportions.

Aeronaut John Walters was killed at Centerville, Ia., while dropping from his balloon with a parachute. Walters was caught in a cluster of telegraph wires, the parachute rope broke and he fell 40 feet, dying shortly afterward.

The death of Austin Gollagher at the age of 93 years, which recently occurred at his home, five miles east of Hodgenville, La Rue county, Ky., formerly Hardin county, removes the only living boy playmate of the immortal Abraham Lincoln.

The coal miners employed by James Turnbull & Company of Bellair, O., struck against the company not granting the privilege to drive a new room. Too many men were working in one room, it was claimed. Sixty men are idle and the mines are closed.

In a dense fog off the mouth of the Tyne the British steamer Ganges, Captain Dykes, from Montreal, May 18, collided with and sank the Norwegian steamer Diana. The latter went down almost immediately, but her crew clambered aboard the Ganges and were saved.

Henry Jacobson, 53 years of age, of Hoboken, N. J., committed suicide by inhaling gas. There is no apparent reason for the deed, except that Jacobson is said to have been a member of a suicide club. Jacobson, it is said, was the fourth member of the organization to commit suicide.

A corset steel was the means of saving a woman's life at Wilkesbarre, Pa. David R. Evans, a stone-mason, discharged a revolver at his wife. The bullet struck a steel in her corset and, glancing off, fell to the floor. The only injury the woman received was a slight laceration of the flesh.

At Salem, Harrison county, W. Va., John Nicholas and Ida Sutton were married. After the wedding and just as they were entering the Nicholas home, a shotgun in the hands of one of a party of serenaders burst, and a piece of the barrel struck the bride, fracturing her skull and causing her death.

R. B. McConnell, the defaulting president of the defunct Merchants' National bank of Ocala, Fla., committed suicide. He sent a bullet crashing through his brain, and before medical aid could be summoned was dead. A warrant had been issued for his arrest, and he preferred death to imprisonment.

Denver police have arrested two expert electricians, who have been working the poolrooms for big money. During their stay here they have cleaned up over \$33,000. The men give their names as Charles Moran and H. H. Summerfield. They admit having systematically worked poolrooms all over the United States.

Robert E. Fanning, nephew of ex-Senator Calvin S. Brice of Ohio, died suddenly at Tempe, A. T. He was assistant to General Manager Doddridge of the Iron Mountain railroad, and was one of the most promising railroad officials in the west. He inherited wealth from his father and he wished that and heavy insurance to his bride.

Miss Susan Duryea, the 13-year-old granddaughter of Samuel Sloan, president of the Delaware, Lackawanna and Western railroad, was drowned in a small pond on the Sloan estate, near Garrison, N. Y. She was coasting on a bicycle on a hill which leads to the pond, and when about half way to the bottom lost control of her wheel, which carried her into the pond.

Samuel Burr, of Bull Creek, was paralyzed one day last week.

Mr. Forest Lee and Miss Lottie Pollitt were guests at "Orchard Farm" a few days ago.

Elijah Kimble, of Adams County, Ohio, was a pleasant visitor to this vicinity the fifth Sunday in May.

J. L. Bean has the sincere thanks of the community for the most excellent road he has made through his farm.

Elder T. P. Degman was the orator of the day at the memorial services May 29th at Bethany. A large crowd was present.

Mr. "Bert" Wykoff and niece, Misses Ole Kinkaid and Daisy South, of Adams County, O., are guests of the family of S. B. Bean.

M. J. B. Marshall, late of the toll-gate on the L. and M. road, now occupies a portion of Stephen Valentine's residence. Mr. Valentine will board with Mr. Marshall for the present.

SPRINGDALE.

Through the untiring energy of Miss Emma Hord and Cora McClure, together with other good sisters, the Bethany Church has been presented with a new carpet, and the way the house was decorated preparatory to memorial exercises showed the greatest skill, and proved the worth of those young ladies to the church.

The largest assemblage seen at Bethany Church for years was that gathered there on the occasion of the funeral of Mr. Edwin McDonald, which took place Wednesday, and the many floral tributes only showed in what high esteem he was held by his neighbors. Mr. McDonald came as near being without an enemy in the world as any one ever living in this community. He was amiable, genial, obliging, honorable, a true Kentuckian in the fullest sense of the word and will be greatly missed.

The man with a weight on his leg can't hope to win the race. A man with a weight on his health can't expect to compete in life and business with those who are not handicapped. If his brain is heavy, and his blood sluggish, because of constipation, he will not succeed in doing anything very well. Constipation is the cause of nine-tenths of all sickness. Symptoms of it are: sallowness, listlessness, poor appetite, bad taste in the mouth, dizziness, biliousness, and lassitude. Constipation can be cured easily and certainly by the use of Dr. Pierce's Pleasant Pellets. They are not at all violent in their action, and yet they are more certain than many medicines which are so strong that they put the system all out of order. The great advantage of the "Pleasant Pellets" is that they cure permanently.

CINCINNATI TOBACCO MARKET.

A Satisfactory Market Expected Hereafter. News Concerning the Coming Crop.

The Cincinnati Leaf Tobacco Warehouse Company in its circular for the week has the following:

The speculative feeling appears to increase as the season advances, the light offerings, with a general belief that the demand will increase, has advanced prices, and we can, therefore, quote a higher market on nearly all grades. Medium reds appear to be in demand by the manufacturers, and the competition has increased prices on these grades. The best grades of the new crop are also taken more readily at an advance. Colory hogs have not shown much change, but continue strong.

There is a desire upon the part of speculators to purchase, and with the competition of the manufacturers' buyers we can expect a very satisfactory market in the future, and the early purchases made in the country will no doubt pay fair profits, if properly handled.

Reports from the country are not so favorable for the setting of the crop as they were two weeks ago, and while there is an abundance of plants in some sections of the country other portions are short, and we can only figure on a fair crop being set, which no doubt will have some influence in holding up our present market.

The demand for medium red tobacco and the best grades of trash and lings will continue to be larger than for other grades while the competition continues among the manufacturers to make the largest plug for the least money, and the main argument against there being any special advance in the tobacco trade is this one point. We all know that these manufacturers can control the purchasing price, as they have done in the past, and unless there is a scarcity that would compel them to advance prices on manufactured goods we can hardly expect any boom in the trade, but only a good, fair, legitimate market.

STRAWBERRIES

And Fruits of All Kinds, at Wholesale and Retail.

Having my customary arrangements with some of the most experienced fruit growers my house during the season about to open will be headquarters for

STRAWBERRIES, RASPBERRIES, BLACKBERRIES, PEACHES, ETC.,

of the very finest quality. This fruit will be handled with the greatest care and received by express and placed on the market here on the same day it is picked and will always be one day fresher than any other shipped to this market. All orders shall have my personal attention and billed at lowest prices ruling on day of receipt of order. I have also laid in, at extremely low prices, a very large supply of MASON FRUIT JARS. Persons having to buy will find it greatly to their advantage to get my prices before buying. My house is also headquarters for all kinds of fresh vegetables. Everybody invited to call and make themselves at home.

R. B. LOVEL

THE LEADING GROCER.

At Ruggles' Camp Ground,

SATURDAY, JULY 3, at 10:30 a. m., the following privileges will be let to the best bidder.
Hotel, Confectionery, Stable, Baggage room and Barber shop. The board reserves the right to reject any or all bids.

The meeting on these beautiful and much improved grounds will be held beginning July 22, and closing on August 1. Eminent divines will be present. Rev. M. Swadner, of Cincinnati, O., and the ministers of the Covington and Ashland districts are expected to be present. The singing will be in charge of Prof. J. G. Crabbe, of Ashland, assisted by a splendid choir, which is an assurance that it will be all that can be desired. A fourteen-room house has been built with porches all around, making accommodations for any and all comers. The Tabernacle has been enlarged and the hotel will be improved by the directors this year. And the best of all is we have excellent water—two large cisterns and three wells. One of the wells is 150 feet deep, the water of which has been analyzed and contains the following medicinal qualities: Total solids, 3.6 to the liter; soluble salts, 3.16 to the liter; consisting of chlorides and sulfates of magnesium, sodium and potassium; insoluble salts, .41 to the liter, consisting of calcium carbonates with traces of iron.

The meetings will be in charge of Revs. G. R. Frewer and J. G. Lovell, Presiding Elders of the Covington, Maysville and Ashland districts. If you desire tents write
